

Dear friends and members of ESCAP,

New at ESCAP Online:

[ECAP Journal, December editorial](#): Thomas Achenbach (Vermont University) manages the expectations of neuroimaging and genetic research. His analysis turns out to be both realistic and optimistic.

[Champions of charity: a state-of-the-art Autism Centre for day patient care in a very poor, developing country](#). The Albanian Children Foundation did the job, thanks to a *network of first ladies*.

[The American Academy of Child and Adolescent Psychiatry \(AACAP\) is going to cross the Ocean](#) with a congress for the first time in June 2016. With co-organizer AEPNYA — the Spanish association and ESCAP member — the San Sebastián congress presents an extraordinary initiative that connects the local community to the expert knowledge. View the programme, the video announcement by Bennett Levental and Joaquin Fuentes and mind the deadline for submitting abstracts: 15 December!

[The use of the ADOS diagnostic tool in clinical settings for autism](#) (Eric Zander, Karolinska Institutet) and other previews of future publications in the ECAP journal.

*Please forward this message to your professional network.*

Kind regards,
