

Save the date and join us for our Seminar: CAP Training across Europe; the 4th Pan-European Child and Adolescent Psychiatry Trainers Seminar

Friday 28th May 9.00-17.00 Online.

Why would you want to participate?

Are you training, supervising and mentoring CAP trainees? Are you building the future of our wonderful profession by passing on knowledge, skills and wisdom to trainees? Do you still find yourself learning every day and wondering how to be an even more inspiring and balanced trainer? We offer an international perspective on solutions and fresh ideas for CAP training, the chance to learn from other EU colleagues and have them share in what you learned. The Section of UEMS-CAP would like to invite you to the fourth UEMS-CAP Seminar for trainers and training department directors. Our goal is to exchange and enhance knowledge across the EU on the CAP training curriculum, organisation, new techniques in teaching and evaluation.

Organisation

This year, the Seminar will be online and consist of several working groups and small group discussion opportunities. We aim to have the program be highly interactive and we are counting on all attendees to help us with their inspiration and contribution to this meeting to help it become a really fruitful success.
